BOOTLEGGERS FIND MORE TROUBLE

The two men arrested by Chief Hounshell Saturday on a charge of bootlegging entered a plea of guilty before Judge Powers, who gave them the usual minimum fine of \$50 each and set at liberty on parole. County Attorney Wimbish, who has

evidently grown a trifle tired of the police judge thus assuming the power of the governor of the state in issuing paroles, at once filed information in the county court and the pair was locked up to await action.

The men registered at the hotel as C. C. Hardin and W. W. Cummings, but at police headquarters gave the names of G. I. Smith and R. E. Duncan.

TAX SUIT IN COMANCHE AND PONTOTOC COUNTIES

Oklahoma City, Ok., Dec. 11.—Suits will be brought in Pontotoc and Comanche counties by a large number of individual taxpayers to enjoin the payment of taxes for this year, based upon the action of the State Board of Equalization making raises over the valuations as returned by the local boards, which are alleged to be excessive and illegal. Senator J. E. Thomas of Lawton and Senator R. M. Roddie of Ada were here today gathering data from the office of the State Auditor and the Board of Equalization, to be used in the suits.

The suits in Pontotoc County will be filed in the name of an individual taxpayer, permitting all who desire to join issue, to set aside the raises as made by the State Board on the ground that they resulted in an unequal assessment of various classes of property in that county. It will allege, according to Senator Roddie, that the state board assessed the property of the railroads at from 60 to 65 per cent of its actual cash value while the assessment of various classes of individual property was raised by the State Board ranges from 90 to 150 per cent of the actual cash value. It will be alleged that in this action the board discriminated against property of individual owners and between various classes of individual property, both real and personal.

An attempt will be made to enjoin taxes not yet paid and to secure a refund of taxes already paid which exceeded the legal limit. In Comanche county, according to Senator Thomas, a large number of individual suits will be filed by taxpayers.

EMBALMED BODY IDENTIFIED

Chickasha, Okla., Dec. 11.—Willis Yandell and Jack Goodwin, of Tribbey, Okla., late yesterday identified the embalmed body of the earless man which has been on exhibition and held for identification in this city since July 27, 1907, to be the body of Wes Yandell, brother of Willis Yandell.

Wes Yandell, who was held under a \$7,000 appeal bond for an alleged murder in Pottawatomie county, disappeared from Tribbey a short time prior to the finding of the dead man in a risco box car four years ago, since which time the body has been held for identification. The case will be watched with much interest for the state recently brought suit to recover upon the bond.

RUSSELL TO FILE PETITION TUESDAY

Campbell Russell, who has been unrelenting in his efforts to get the scalp of the state board of agriculture, will file his initiative bill for the recall of the board and a new method of naming a new body, Tuesday, having secured the required number of signatures to his petition to have the bill initiated as well as a few thousand additional names for "good measure."

The time for filing the petition with the secretary of state expires Dec. 13. During the last few weeks a hard campaign has been waged, signatures being secured from all parts of the state.

JUST LISTEN TO THIS.

Muskogee, Okla., Dec. 8.—(Special)—Forty-two guardians of Chickasaw minors, who, it is alleged, mismanaged estates valued from \$500 to \$11,000 in Pontotoc county, were discharged by the county judge presiding at Ada today. Miss Kate Bernard, commissioner of charities and corrections, through her attorney, Dr. J. H. Stolper, after an investigation, made the charges against the guardians.

The above dispatch is going the rounds of the press, and the idea is abroad that a mess of wholesale corruption has been unearthed in Pontotoc county. As a matter of fact, we have the word of Dr. Stolper himself that just TWO guardians were dismissed, instead of forty-two, as stated by the Muskogee correspondent. Either the good doctor exaggerated wonderfully after leaving Ada, or else the correspondent responsible for it must be hard of hearing, or a second Munchausen.

ABOLISH MORE OFFICES, SAYS REP. CRAWFORD

"Economy must be the watchword of the democratic party," said John P. Crawford, representative of Pontotoc county in the legislature, and chairman of the committee on appropriations, in conversation with a representative of the News.

"I do not regard the Aiken bill to abolish most of the state schools as being true economy, for it has not yet been demonstrated that we have too many schools, or if we have which should be condemned and which merits the support of the state. There are dozens of ways in which a saving can be effected and the machinery of government suffer nothing in consequence. One of these is in the matter of county offices. There is no question in my mind but that we have several superfluous offices, and I estimate that by abolishing some and combining their duties with others, Pontotoc county could easily save not less than \$10,000 annually. That in itself would be a great saving to the tax payers and effect a much needed relief, and if the opportunity ever presents itself, I shall work to that end. Several hundred little offices were abolished when the legislature took the work of assessing the taxes from township trustees and placed it in the hands of county assessors, and that is but a small part of what should be done."

SENATOR REXROAT WILL OPPOSE AIKEN BILL

Senator Rexroat of Carter county, who spent a part of Saturday and Sunday with the family of his uncle, F. C. Krieger, stated to a reporter of the News that he is very much opposed to the Aiken bill to abolish the state schools, and that it would receive but scant support in Carter county.

"Granting that the state has too many schools," said he, "this wholesale method of abolishing them is all wrong. I don't believe the petitions will get enough signatures to have an election called, to say nothing of carrying the state. However, the friends of the schools can't afford to sleep on their rights. They must get busy and keep after the bill until its defeat is assured."

A reminder that Christmas is not far away reaches the News office in every mail in the shape of booze circulars. If there is a mail order booze house in the United States that has not sent two or three batches of these circulars to the News or some member of the force we don't know where it is. Verily, it must be a burning thirst indeed that those fellows think exists in the News office.

A WARRANTY DEED IS A SNARE; A DELUSION! It often conveys absolutely a bad title. Your lawyer will tell you so. It is not a present help in time of trouble.

REASON: Should your title be unmarketable and you want to perfect it by hunting up old deeds, procuring releases; court decrees—every step will be at your expense—even though you find it impossible to sell the land or obtain a loan without taking such step.

ADVERSE CLAIMS: An adverse claim is asserted; suit is brought against you, finally you are ousted from the premises.

RESULT: You go on your vendorto MAKE GOOD his WARRANTY if you can find him.

JUDGMENT: The law will give you only a money judgment. COLLECT IT IF YOU CAN. No lawyer's fees—nothing for entranced value of land—merely what you paid him and interest—about 6 per cent.

INDEED! Warranty deed sows the seed you reap two law suits for your money and brain and the land is lost at last.

As a loyal citizen of Pontotoc county, friend Rushton, you should feel a pride in having a state school within our borders, and assist in defeating the Aiken bill instead of giving support to the enemy. Then if any reforms are needed, they can be made. Think it over.

How Cozy the Home

That is warm and cheerful. How disagreeable and uncomfortable if one minute it is too hot and the next too cold. There are

NO DOCTOR BILLS

For coughs and colds and pneumonia if care is used in having proper ventilation and a uniform heat in your home, but to do this you must have good, uniform Coal. Nothing better than

OUR LUMP AND NUT COAL

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

WHO WANTS GOOD ROADS?

PONTOTOC CO. MIGHT EMULATE
EXAMPLE OF LINCOLN CO.
NEWS MAN ISSUES CHALLENGE.

The people of Lincoln seem to have solved the good roads problem, so far as that county is concerned. The entire male population of Chandler and the district through which the road was to run turned out in a body and in one day the 2,000 men built thirty-three miles of good road. They made a real picnic out of it and even the ladies were present in droves, and when the dinner hour arrived, they had plenty of grub and hot coffee ready for the workers. The event of the day was a contest between Roy Hoffman, the district judge, and the president of a bank. It had been agreed that the one doing the less work should treat a crowd to the oysters, but it was decided a draw, and the expense of the supper was divided between them.

Why couldn't Pontotoc county get up such a holiday affair? The business men of Ada could afford to close up for the day and every last one of them don overalls and go to grubbing stumps, driving teams, filling and dumping scrapers, etc. The editor of the News offers his services for one, and challenges any merchant, clerk, banker, lawyer, doctor, county or city official in Ada to a contest of grubbing stumps out of the road, handling scrapers, or anything else the road boss might order done, the winner to receive a box of Tom Moore cigars from the loser as a reward for his diligence.

In the next place, we would like to know what communities in the county would co-operate with the town in such a movement as this. Let us hear from some of them who want good roads over which to haul their produce.

Wes Hattox and J. A. Hart were up from Fitzhugh between trains this morning. They stated that drilling operations in the oil well will prob-

ably be resumed tomorrow, after having been delayed some days on account of a broken bit. A new bit was ordered and was taken to the well today.

WANTED—Men with teams to cut and haul saw logs, also 100 acres unimproved bottom land to lease. U. G. Winn. 212-tf

IN THIS ISSUE
we present our statement showing our condition on December 5th, 1911. The attention of our depositors is respectfully called to the large amount of cash we have on hand—\$187,471.73 of ready cash. In addition to which we have "Bills of Exchange" (demand loans) secured by cotton tickets amounting to \$52,905.11—a total of ready cash and Bills of Exchange amounting to \$240,376.84. This large cash reserve stands for our position and policy—absolute safety for depositors. The growth of our business during the year 1911 has been the most satisfactory of any year in the history of the bank. We have added many new names to our already large list of satisfied customers. We especially invite the business of farmers.

The First National Bank
of Ada
By P. A. NORRIS, President

Saturday afternoon Judge Barton sitting as judge of the juvenile court, heard the complaint regarding the young girl, Jack Malcote, who, it was alleged was in improper hands. Her guardians put up a spirited defense, but the judge decided that the evidence was sufficient to sustain the charge, and the girl was placed under the protection of the United Charities.

Today Hollas Moles, a 14-year-old orphan boy, applied to the judge for aid stating that he was anxious to go to school, and secure an education, and would not object to being sent to the reform school at Pauls Valley. As the boy had done nothing to be classed as a delinquent, the judge could not do this, and he took up the matter of getting him placed in the state orphanage at Pryor Creek. That institution is full, but when Judge Barton related the circumstances over the phone to Dr. Stolpher of the department of charities and corrections, he said to send the boy on and that he would see that a place was made for him somehow. Tonight Deputy Sheriff Cal Babin will take him to the home.

The boy, who has every appearance of being thoroughly honest, tells a strange story. His parents died in Tennessee, and sometime ago an uncle somewhere in this section sent him money with which to come to him, although he was moving about most of the time. The boy came only to find that his uncle had gone and for the past three months has been getting along as best he might.

More Arrests for Bootlegging.
Deputy Sheriff Duncan came in Saturday afternoon from Francis with Geo. Howard, who is charged with violating the prohibition law. L. M. Chandler came in from Stone-wall with Dug Guy, wanted on a similar charge.

Tony Roberts, a negro, was arrested Sunday at Roff by City Marshal G. M. Short on a charge of passing a forged check on W. O. Neely Saturday. The check was on Bills & Armstrong, and the negro made a hasty get-away after passing it, but failed to escape the clutches of the law.
